

# Videography Equipments

These are some of the equipments you'd need if you really want to take your videography and content creation skills to the next level!

## 1. The Camera

One of the main elements! If you have a decent phone such as iPhone, Samsung, Xiaomi, etc. You could also make good use of its camera. If not, these two cameras could be a good starting point:

**Entry Level:** Click [Here](#)

**Professional Level:** Click [Here](#)

Make the Speaker stand out and look as clear as possible! You can achieve it with a correct illumination!

## 2. Lighting

**LED Ring:** Click [Here](#)

**Soft Boxes:** Click [Here](#)

**Practical Lights:** Click [Here](#)

**RGB LED Panel:** Click [Here](#)

The audio is as important as the quality of the image! The audience is likely to lose engagement when they come across a video with low-quality audio or a voice they cannot listen to clearly.

**Lavalier Mic:** Click [Here](#)

**Wireless Mic:** Click [Here](#)

## 3. Crispy Audio

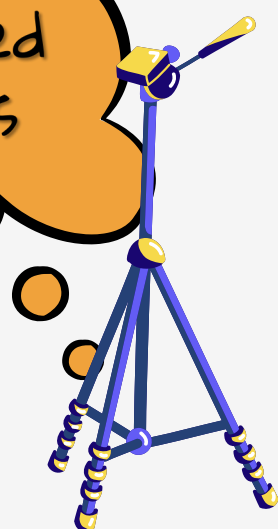

You've got almost everything you to start creating professional looking footage. But you are still missing a tripod to hold the camera, for example!

**Entry level Tripod:** Click [Here](#)

**Next level Tripod:** Click [Here](#)

## 4. Some Needed Accessories

Some Needed Accessories

Ready?

You've got everything you need! Now focus on creating some awesome content

And remember!
